

Jetpool, LLC will be hosting Cessna Aircraft and the Citation Mustang at the Wilson Air Center, Charlotte-Douglas International Airport on Tuesday, 17 July. The Citation Mustang offers customers an entry-level jet at a purchase price and operational cost that enables both affordability and convenience. Backed with the safety and reliability inherent in Cessna Aircraft, the Mustang provides an opportunity for Jet Ownership second to none.

Jetpool representatives will be standing by to discuss options for purchase and management of whole or shared interest in a Citation Mustang, and the advantages of placing it in our program. Jetpool's unique shared ownership program provides additional benefits, including:

- *Low capital commitment with a transparent and predictable cost structure*
- *Jetpool's professional, turnkey jet management & maintenance services designed to ensure safety, insurability, performance, and a high resale value of your aircraft*
- *Access to our network, 24 hours a day, 365 days a week*
- *Highly trained, professional pilots*
- *Control over your travel schedule*
- *Regionally based to ensure direct access to **your** aircraft, **your** pilots, tailored to **your** requirements*

Call/e-mail us today to confirm your attendance or to receive additional material concerning our turnkey management options! Jetpool is looking forward to making a potential ownership experience of a Citation Mustang a reality for you today!
