

# jetpool shares—

Lease a share of the jet while only paying a low fixed monthly cost plus the time you fly.

## Embraer Phenom 100

**Reap private jet benefits without the typical cost.**

Jetpool has combined the best of fractional, jet card, and whole ownership to create the industry's most unique and affordable shared aircraft program. An Embraer Phenom 100 quarter share (73 days use a year) costs just \$10,000/month plus your direct flight expenses. . . that's as simple as it gets. You get the benefits of whole ownership without the maintenance and residual value risk or long term commitment.

Buying into our Jetpool Shares program gives you immediate tax benefits while keeping the asset off your balance sheet. Unlike traditional fractional programs, our structure is confidential so your name won't be found on publicly available documents.
